Friday 3/28/25 **CASSGRAM**
 Audio Report, Archives and more at www.cassgram.com
 There is a chance of rain and thunderstorms tonight through Sunday night. Today: sunny, wind 20 to 25 mph and gusty, high 84. Saturday: high 67. Sunday: high 45. Monday: mostly sunny, high 51. Yesterday's high: 82/Plattsmouth airport. This morning's low: 66. Sunset today is at 7:45pm. Sunrise Saturday is at 7:11am.

 SMOOTH TRANSITION anticipated – Teresa Salinger is retiring as Cass County Assessor. Sasha Frye was chosen by the county board of commissioners as her replacement.
 Salinger had a 34-year career in county assessor offices, working in Saline County and then, the last 21 years, in Cass County. She told Cassgram her experience covered a variety of duties, including data collection (field work), clerk duties, working with Personal Property, Homestead Exemptions, various projects and running required reports. She was appointed Cass County Assessor in October of 2018 and has served continuously since. (Cassgram Archives 10/17/18)
 Frye was the only candidate that spoke with county commissioners in the public hearing to name Salinger's replacement. She told the board she has been "working closely with Teresa for the last six years." Her duties included state reporting and serving as the state liaison. With the office anticipating retirement, Frye took on more responsibilities giving her "broad, well-rounded experience" on both the assessment and administrative angles of the office. The retirement is effective April 3rd. The current term runs through 2026 when the position will be on the election ballot.

BIKE TRAIL CONNECTOR progress on hold – Action by the Cass County Board of Commissioners this week prompted a news release from the Lower Platte South Natural Resources District. The county board action "has temporarily postponed the MoPac East Trail Connector Project. The Board made and approved a motion to delay the vote on the final trail route until their board meeting on April 22, 2025. In the interim, the Commissioners will meet with the Lower Platte South Natural Resources District (LPSNRD), other partners, and local landowners to determine the preferred route."
 LPSNRD says it "will continue to work collaboratively with its partner, Cass County, to identify the best, mutually agreeable route for this important project. Work with JEO Consulting Group on the trail's design and engineering has been paused until this issue is resolved."
 The issue is the trail route. The route, which is to be on county right-of-way, crosses farm driveways and that is causing concern. Also not decided yet: which side of the road would be used.
 A portion of the Cassgram report last November 7th: A 3 to 2 vote approved an Interlocal Agreement between Cass County and the Lower Platte South Natural Resources District for the MoPac East Trail to Lied-Platte River Bridge Trail Connector. Alignment D—the easternmost of the final four routes considered—was announced several weeks ago as the final recommendation of the MoPac East-Lied Connector Subcommittee working with the LPSNRD. Alignment D: MoPac to 334th; Kleiser Road to Allison Drive to Kimberly Drive. There are many more decisions ahead. Design is at 5%.
 It's in writing that Cass County is not involved in the cost. The NRD is responsible for constructing, operating and maintaining the trail.
 The vote: Duane Murdoch- no, John Winkler- yes, Alex DeGarmo- yes, Taylor Boyle- yes, Dale Sharp- no.
 Since then, Winkler is no longer on the board, losing his seat to Dan Stohlmann. Sharp passed away and Terry Dasher was appointed to fill out the term. The NRD approved the route and hired an engineering firm. There was a lawsuit filed in Cass County District Court over the county board proceedings in the trail route selection process.
 The vote this week to revoke the county board action in November on the trail route selection was 4 to 1. DeGarmo cast the one 'no' vote.

TWO PLATTSOUTH FIRE CALLS yesterday – A daycare facility was evacuated due to smoke. Plattsmouth police arrived first in the area of 9th Street and 6th Avenue and found a problem with a toaster. A Plattsmouth fire unit ventilated the structure. That happened just before 8am.
 Grass fires at 20th and Ashland Road were extinguished. The dispatch advised a lithium battery had fallen out of a 4-wheeler and started the fires
