Tuesday 2/9/21 **CASSGRAM**
Please note, Cassgram is on the winter schedule now through February 15th.
Publication days are Tuesdays, Wednesdays and Fridays.
Today: partly sunny, wind north 5 mph, high 8. Tonight: a slight chance of snow, low 3. Wednesday: mostly cloudy, high 13. Yesterday's high: 6/
Plattsmouth airport. The morning low: -8. The normal high for today is 36
degrees and the normal low is 16. Sunset today is at 5:51pm. Sunrise
Wednesday is at 7:24am.

THE BODY OF AMBER TJADEN was found nearby where her car was found on
Friday - The rural Weeping Water woman had been missing for 10 days.
Authorities said yesterday that she died of exposure to the cold.
Her black Jaguar SUV was spotted on a minimum maintenance county road
between Elmwood and Unadilla. The Otoe County road had not been plowed.
Her daughter's Facebook post first confirmed the body was that of her 48-
year-old mother. Savannah Suttle thanked all the agencies involved in the
search and included a message to a Cass County Sheriff's Office investigator
working the case, "A special thank you to Tony Hemmer for being available
24/7 and for being so devoted to this case."
Previous reports are in the Cassgram Archives at cassgram.com on Feb 2nd
and Feb 3rd.
The Otoe County Sheriff's Office report said foul play is not suspected in her
death.

VACCINATION NEWS from the local health department - Sarpy and Cass
County residents who were born in 1946 or before are now eligible to
schedule their COVID-19 vaccination appointment. Notifications are being
sent to those who pre-registered with instructions.
Doses continue to be limited. This week the department anticipates receiving
2,700 doses, a slight increase from last week. To date there have been
19,972 vaccinations administered to Sarpy and Cass County residents.

IT WAS A SLIPPERY SUNDAY for those that did venture out on the roads -
There were two accident incidents where law enforcement responded.
One was in the morning about 9:10am that involved two different accidents
on northbound Highway 75 at the Bay Road exit. The reporting party advised
that he tried to take the exit, spun out and hit a sign. Then he saw another
vehicle spin out and flip. The driver of that vehicle was transported to the
Nebraska Medicine trauma center. Both vehicles were towed from scene.
A maroon SUV went off Highway 75 north of Union and into the west side
ditch about 4:20pm. No one was injured.

THE UPDATED RUNOFF FORECAST for the 2021 calendar year in the Missouri
River Basin above Sioux City continues to be below average - "Despite runoff
being slightly above average in January, we expect 2021 runoff to be below
average," said John Remus, chief of the U.S. Army Corps of Engineers',
Missouri River Basin Water Management Division. "Both plains snowpack and
mountain snowpack continue to lag behind seasonal averages, and soil
moisture continues to be much drier-than-normal."
Gavins Point releases went from 17,000 cubic feet per second to 19,000 cfs
last week in response to ice formation on the Missouri River tributaries below
Gavins Point Dam.

HIGH SCHOOL WRESTLING district qualifiers - Nolan Blevins, Tyler Essary and
